*[Farewell Party](#) May 29 2022 [Farewell Party](#) is an autobiographical novel and consists of three sections. The first section shows two farewell rituals: an aged man in his late 70s performs in the high mountain before the tombs of his ancestors with a flutist playing Daegeum sanjo (a piece of traditional Korean melodies). The other ritual with a pansori song follows the first one before a tomb on the seashore of an uninhabited island. The book's second section appears as a flow of the aged man's consciousness, so it seems not to follow the physical sequence of time. The sea, which used to be near in his boyhood, turns up vividly through his retrospection. Then, unexpectedly, there appears a flamenco dancer. He had met her one time in Portland when she was a little girl. He receives an email message from her informing him that she is to visit Tokyo. He flies to Tokyo imagining that the little sea returns to him, surrealistically changing itself into a flamenco dancer. And He recalls and misses a street guitarist, an amateur magician, and painters in Changdong who are alive or not in this world. But unfortunately, he's not in good health, so he secluded himself from society. In the final section, the aged man, living alone since then, is drawn to an unavoidable voice of conscience from within: Join those who resist social injustice. So he orders himself to go outside and join the demonstrations against the election fraud in the April 15 General Election. He is sure the country will face a severe social crisis resulting from that illegal election committed by the ruling party under the threatening Coronavirus pandemic atmosphere. Joon Kim is the Author of 'Landscapes Invisible', an autobiographical literary book of fact-fiction now available at Amazon and Barnett & Nobles. He is a writer and flamenco performance planner, doctorate in international politics, lives in Masan, South Korea, where he was born in 1944. Joon Kim has written eight literary books in Korean and one e-book in English and translated four English books into Korean. He worked for Kyung Nam Domin Daily in Kyung Nam Do as an editorial writer (1999-2001). In addition, the Author produced and directed five flamenco-pansori performances (2005- 2013). He is the author of seven fact-fiction books in Korean on local painters and their artworks, in a series titled "Chang Dong in Blue," published for 15 years of 2004-2019.*

*[Farewell to the Muse: Love, War and the Women of Surrealism](#) Sep 20 2021 A fascinating examination of the ambitions and friendships of a talented group of midcentury women artists [Farewell to the Muse](#) documents what it meant to be young, ambitious, and female in the context of an avant-garde movement defined by celebrated men whose backgrounds were often quite different from those of their younger lovers and companions. Focusing on the 1930s, 1940s, and 1950s, Whitney Chadwick charts five female friendships among the Surrealists to show how Surrealism, female friendship, and the experiences of war, loss, and trauma shaped individual women's transitions from someone else's muse to mature artists in their own right. Her vivid account includes the fascinating story of Claude Cahun and Suzanne Malherbe in occupied Jersey, as well as the experiences of Lee Miller and Valentine Penrose at the front line. Chadwick draws on personal correspondence between women, including the extraordinary letters between Leonora Carrington and Leonor Fini during the months following the arrest and imprisonment of Carrington's lover Max Ernst and the letter Frida Kahlo shared with her friend and lover Jacqueline Lamba years after it was written in the late 1930s. This history brings a new perspective to the political context of Surrealism as well as*

fresh insights on the vital importance of female friendship to its progress.

*Notes from the Underground* May 05 2020 *Notes from the Underground* is Fyodor Dostoevsky's 1864 masterpiece following the ranting, slightly unhinged memoir of an isolated, anonymous civil servant. A dramatic monologue in which the narrator leaves himself open to ridicule and reveals more of his weaknesses than he intends, this influential short novel lays the ground work for the political, religious, moral and political ideas that are explored in Dostoevsky's later works.

*Farewell to the Party Model?* Nov 03 2022 Marion Reiser, Everhard Holtmann Local independent lists as political actors are a common phenomenon on the local level in many European countries – in established Western democracies as well as in the 'new' democracies in Central and Eastern Europe. In some West European countries, these non-partisan groups have been an established and stable element in the local political system for decades. Typically, they understand themselves as protectors of a harmonious factual political style. In their opinion, good local politics is not compatible with party politics so they consequently perceive themselves as non-parties. During the last two decades, presence and success of local lists have steadily increased in these countries. Furthermore, during the last years local lists emerged also in countries which had been formerly fully party-politicised on the local level. Explanations offered for these developments are often based on the observation of a general decline of trust in established parties and politicians. Hence, it has been argued that the disenchantment with political parties is a fertile ground for local lists. For the Central and East European countries, this argument can be employed only to a certain extent. Local lists established themselves in the early 1990's as important actors on the local level especially due to a lack of party organisation in the process of democratic consolidation.

*Farewell Waltz* Jun 29 2022 In this dark farce of a novel, set in an old-fashioned Central European spa town, eight characters are swept up in an accelerating dance: a pretty nurse and her repairman boyfriend; an oddball gynecologist; a rich American (at once saint and Don Juan); a popular trumpeter and his beautiful, obsessively jealous wife; an disillusioned former political prisoner about to leave his country and his young woman ward. Perhaps the most brilliantly plotted and sheer entertaining of Milan Kundera's novels, *Farewell Waltz* poses the most serious questions with a blasphemous lightness that makes us see that the modern world has deprived us even of the right to tragedy. Written in Bohemia in 1969-70, this book was first published (in 1976) in France under the title *La valse aux adieux* (*Farewell Waltz*), and later in thirty-four other countries. This beautiful new translation, made from the French text prepared by the novelist himself, fully reflects his own tone and intentions. As such it offers an opportunity for both the discovery and the rediscovery of one of the very best of a great writer's works.

*A Farewell to Justice* Nov 30 2019 Working with thousands of previously unreleased documents and drawing on more than one thousand interviews, with many witnesses speaking out for the first time, Joan Mellen revisits the investigation of New Orleans district attorney Jim Garrison, the only public official to have indicted, in 1969, a suspect in President John F. Kennedy's murder. Garrison began by exposing the contradictions in the Warren Report, which concluded that Lee Harvey Oswald was an unstable pro-Castro Marxist who acted alone in killing Kennedy. *A Farewell to Justice* reveals that Oswald, no Marxist, was in fact working with both the FBI and the CIA, as well as with U.S. Customs, and that the attempts to sabotage Garrison's investigation reached the highest levels of the U.S. government. Garrison interviewed various individuals involved in the assassination, ranging from Clay Shaw and CIA contract employee David Ferrie to a Marine cohort of Oswald named Kerry Thornley, who at the very least was a Defense Intelligence Agency asset. Garrison's suspects included CIA-sponsored soldiers of fortune enlisted in assassination attempts against Fidel Castro, an anti-Castro Cuban asset, and a young runner for the conspirators, interviewed here for the first time by the author. Building upon Garrison's effort, Mellen uncovers decisive new evidence and clearly establishes the intelligence agencies' roles in both a president's assassination and its cover-up, set in motion well before the actual events of November 22, 1963.

*Farewell Summer* Jun 17 2021 The master of American fiction returns to the territory of his beloved classic, *Dandelion Wine*—a sequel 50 years in the making Some summers refuse to end . . . October 1st, the end of summer. The air is still warm, but fall is in the air. Thirteen-year-old Douglas Spaulding, his younger brother Tom, and their friends do their best to take advantage of these last warm days, rampaging through the ravine, tormenting the girls . . . and declaring war on the old men who run Green Town, IL. For the boys know that Colonel Quartermain and his cohorts want nothing more than to force them to put away their wild ways, to settle down, to grow up. If only, the boys believe, they could stop the clock atop the courthouse building. Then, surely, they could hold onto the last days of summer . . . and their youth. But the old men were young once, too. And Quartermain, crusty old guardian of the school board and town curfew, is bent on teaching the boys a lesson. What he doesn't know is that before the last leaf turns, the boys will give him a gift: they will teach him the importance of not being afraid of letting go.

*Farewell, Cowboy* Oct 29 2019 Rich in local color and sentiment, this story follows Dada, who returns to her home town on the

Adriatic coast in order to unravel the mystery of her brother Daniel's death. Daniel, although young, smart, and popular, threw himself under a train in mysterious circumstances a few years earlier. In her search for clues, Dada meets an array of eccentric characters and succumbs to the charms of the young gigolo Angelo, who is a part of a film crew shooting a Western on the nearby "prairie." Slowly and painfully she discovers all there is to know about her brother's death, and how Angelo was caught up in it. In her debut novel, Savicevic transposes the genre of a traditional Western drama onto the contemporary world, challenging the heroes of childhood and questioning what constitutes heroism today. Her shabby seaside hometown provides the perfect backdrop for this tale of loss and redemption, redolent of transient glamour and unrealized small-town dreams.

*Washington's Farewell Address to the People of the United States, 1796 Dec 24 2021*

*Washington's Farewell Aug 20 2021 "A vivid portrait...and thoughtful consideration of George Washington's wisdom that couldn't be timelier" (Kirkus Reviews, starred review). A revealing look at the first President's Farewell Address, a still-relevant warning against partisan politics and foreign entanglements. George Washington's Farewell Address was a prophetic letter he wrote to his fellow citizens and signed from a "parting friend," addressing the forces he feared could destroy our democracy: hyper-partisanship, excessive debt, and foreign wars. In it, Washington called for unity among "citizens by birth or choice," advocated moderation, defended religious pluralism, proposed a foreign policy of independence (not isolation), and proposed that education is essential to democracy. He established the precedent for the peaceful transfer of power. Washington's urgent message was adopted by Jefferson after years of opposition and quoted by Lincoln in defense of the Union. Woodrow Wilson invoked it for nation-building; Eisenhower for Cold War; Reagan for religion. Once celebrated as civic scripture, more widely reprinted than the Declaration of Independence, the Farewell Address is now almost forgotten. Yet its message remains starkly*

relevant today. In *Washington's Farewell*, John Avlon offers a stunning portrait of our first president and his battle to save America from self-destruction. *Washington's Farewell* "brings to light Washington's goodbye by elucidating what it meant not only during the early days of the republic, but its lasting effect through the centuries" (*Library Journal*, starred review). Now the Farewell Address may inspire a new generation to re-center their politics and reunite our nation through the lessons rooted in Washington's shared experience.

*Farewell to the Party of Lincoln* Oct 02 2022 This book examines a remarkable political phenomenon--the dramatic shift of black voters from the Republican to the Democratic party in the 1930s, a shift all the more striking in light of the Democrats' indifference to racial concerns. Nancy J. Weiss shows that blacks became Democrats in response to the economic benefits of the New Deal and that they voted for Franklin Roosevelt in spite of the New Deal's lack of a substantive record on race. By their support for FDR blacks forged a political commitment to the Democratic party that has lasted to our own time. The last group to join the New Deal coalition, they have been the group that remained the most loyal to the Democratic party. This book explains the sources of their commitment in the 1930s. It stresses the central role of economic concerns in shaping black political behavior and clarifies both the New Deal record on race and the extraordinary relationship between black voters and the Roosevelts.

[The Second Media Age](#) Jun 25 2019 This book examines the implications of new communication technologies in the light of the most recent work in social and cultural theory and argues that new developments in electronic media, such as the Internet and Virtual Reality, justify the designation of a "second media age".

Archiving Early America provides the address as part of the Milestone Historic Events resource, which presents documents in their original formats. The full text version is also available. Washington never delivered the speech orally. It only appeared in newspapers.

*America: The Farewell Tour* May 17 2021 Chris Hedges's profound and unsettling examination of America in crisis is "an exceedingly...provocative book, certain to arouse controversy, but offering a point of view that needs to be heard" (*Booklist*), about how bitter hopelessness and malaise have resulted in a culture of sadism and hate. America, says Pulitzer Prize-winning reporter Chris Hedges, is convulsed by an array of pathologies that have arisen out of profound hopelessness, a bitter despair, and a civil society that has ceased to function. The opioid crisis; the retreat into gambling to cope with economic distress; the pornification of culture; the rise of magical thinking; the celebration of sadism, hate, and plagues of suicides are the physical manifestations of a society that is being ravaged by corporate pillage and a failed democracy. As our society unravels, we also face global upheaval caused by catastrophic climate change. All these ills presage a frightening reconfiguration of the nation and the planet. Donald Trump rode this disenchantment to power. In his "forceful and direct" (*Publishers Weekly*) *America: The Farewell Tour*, Hedges argues that neither political party, now captured by corporate power, addresses the systemic problem. Until our corporate coup d'état is reversed these diseases will grow and ravage the country. "With sharply observed detail, Hedges writes a requiem for the American dream" (*Kirkus Reviews*) and seeks to jolt us out of our complacency while there is still time.

*The Contested Status of Political Elites* Jul 19 2021 Contemporary Western societies are witnessing ground-breaking social, economic and political changes at an accelerating pace. These changes are challenging the way democracy works and the role that political elites play in this system of government. Using a theoretical and empirical approach, this volume argues that political elites are urged to develop new strategies in order to achieve interest aggregation, to safeguard collective action, and to maintain elite autonomy and stability. The adaptive capacities of political elites are assessed through case studies, comparative and longitudinal analyses of their social structure, their recruitment patterns, and their attitudes. The book includes contributions from reputable scholars in the field of elite research and specialists on individual political systems across Europe and the US. It provides an analytical framework demonstrating that political elites are inevitable and potentially able to respond successfully to varying challenges. The book will be of key interest to scholars and students of political elites, democracy, comparative politics, political participation and European Politics.
