Righteous Porkchop Mar 03 2020 Asked to head up Robert F. Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, Righteous Porkchop chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.

Both Sides of the Circle Jan 13 2021 First published in 1978, Christmas Humphrey's autobiography presents the fascinating history of a life rich and varied in both private and in public. Spanning seven decades it touches on many events of historical interest in which he was personally involved. Among them the abdication of Edward VIII, the Japanese War Trials and his time with the Dalai Lama after his flight

from Tibet. The author gives a graphic portrait of life behind the Bar and on the Bench - of what it is like to prosecute and to defend, and of the immense difficulties which face a judge when passing sentence. Here too are recollections of many famous cases of the twentieth century, and of the many murder trials in which he appeared as prosecuting counsel or judge. Of equal interest is his fifty years' of work in the field of English Buddhism. In 1924 he and his wife founded the Buddhist Society, which would become hugely influential in the spread of Buddhism throughout the West. Both Sides of the Circle is rich in humour and humanity. There is the joyful account of the author's Edwardian Boyhood followed by the tragedy of his brother's death in World War 1, which led to the awakening of his interest in Buddhism and Theosophy. He speaks freely of his encounters with the Dalai Lama, with D.T. Suzuki, with Jung and with the Royal families of Thailand, Sikkim and Nepal, as well as his travels throughout the Europe and in the Orient. Both sides of the Circle is more than autobiography - it is also a spiritual odyssey whose reissue will be of great interest to those who've enjoyed Christmas Humphreys' other work and wish to know more about his brilliant career. It will also be very welcome to those wanted to learn about Buddhism in general, and the origins of English Buddhism in particular.
