**Everyday Mathematics for Parents** Nov 19 2021 The Everyday Mathematics (EM) program was developed by the University of Chicago School Mathematics Project (UCSMP) and is now used in more than 185,000 classrooms by almost three million students. Its research-based learning delivers the kinds of results that all school districts aspire to. Yet despite that tremendous success, EM often leaves parents perplexed. Learning is accomplished not through rote memorization, but by actually engaging in real-life math tasks. The curriculum isn't linear, but rather spirals back and forth, weaving concepts in and out of lessons that build overall understanding and long-term retention. It's no wonder

that many parents have difficulty navigating this innovative mathematical and pedagogic terrain. Now help is here. Inspired by UCSMP's firsthand experiences with parents and teachers, *Everyday Mathematics for Parents* will equip parents with an understanding of EM and enable them to help their children with homework—the heart of the great parental adventure of ensuring that children become mathematically proficient. Featuring accessible explanations of the research-based philosophy and design of the program, and insights into the strengths of EM, this little book provides the big-picture information that parents need. Clear descriptions of how and why this approach is different are paired with illustrative tables that underscore the unique attributes of EM. Detailed guidance for assisting students with homework includes explanations of the key EM concepts that underlie each assignment. Resources for helping students practice math more at home also provide an understanding of the long-term utility of EM. Easy to use, yet jam-packed with knowledge and helpful tips, *Everyday Mathematics for Parents* will become a pocket mentor to parents and teachers new to EM who are ready to step up and help children succeed. With this book in hand, you'll finally understand that while this may not be the way that you learned math, it's actually much better.

Tia Isa Wants a Car Dec 09 2020 A little girl pitches in to help her tía save up for a big old car — and take the whole family to the beach — in a story told with warmth and sweetness. Tía Isa wants a car. A shiny green car the same color as the ocean, with wings like a swooping bird. A car to take the whole family to the beach. But saving is hard when everything goes into two piles — one for here and one for Helping Money, so that family members who live far away might join them someday. While Tía Isa saves, her niece does odd jobs for neighbors so she can add her earnings to the stack. But even with her help, will they ever have enough? Meg Medina's simple, genuine story about keeping in mind those who are far away is written in lovely, lyrical prose and brought to life through Claudio Muñoz's charming characters.

Newbery Honor Book that explores the poignant and unforgettable bond between a boy and the stray dog who becomes his loyal friend. When his father sets out on a cattle drive toward Kansas for the summer, fourteen-year-old Travis Coates is left to take care of his family and their farm. Living in Texas Hill Country during the 1860s, Travis comes to face new, unanticipated, and often perilous responsibilities in the frontier wilderness. A particular nuisance is a stray yellow dog that shows up one day and steals food from the family. But the big canine who Travis calls "Old Yeller" proves his worth by defending the family from danger. And Travis ultimately finds help and comfort in the courage and unwavering love of the dog who comes to be his very best friend. Fred Gipson's novel is an eloquently simple story that is both exciting and deeply moving. It stands alongside works like *The Adventures of Huckleberry Finn*, *Where The Red Fern Grows*, and *Shiloh* as a beloved and enduring classic of literature. Originally published in 1956 to instant acclaim, *Old Yeller* later inspired a hit film from Walt Disney. Just as *Old Yeller* inevitably makes his way into the Coates family's hearts, this book will find its own special place in readers' hearts.
