If You Want Something Done Oct 29 2022 From the New York Times bestselling author of *WITH ALL DUE RESPECT*, Nikki Haley's sharply intimate and inspirational book celebrates the world's most iconic women leaders. "If you want something said, ask a man. If you want something done, ask a woman." —Margaret Thatcher In the spirit of Thatcher's quote, Ambassador Nikki R. Haley offers inspiring examples of women who worked against obstacles and opposition to get things done—including Haley herself. As a brown girl growing up in Bamberg, South Carolina, no one would have predicted she would become the first minority female governor in America, the first female and the first minority governor in South Carolina, or the U.S. ambassador to the United Nations. Her journey wasn't an easy one. She faced many people who thought she didn't belong—and who told her so. She was too brown. Too female. Too young. Too conservative. Too principled. Too idealistic. As far as Nikki was concerned, those were not reasons to hold her back. Those were all reasons to forge ahead. She drew inspiration from other trailblazing women throughout history who summoned the courage to be different and lead. This personal and compelling book celebrates ten remarkable women who dared to be bold, from household names like Margaret Thatcher and Israel's former prime minister Golda Meir, to Jeane Kirkpatrick, the first female U.S. ambassador to the United Nations, to lesser-known leaders like human rights activist Cindy Warmbier, education advocate Virginia Walden Ford, civil rights pioneer Claudette Colvin, and more. Woven with stories from Haley's own childhood and political career, *If You Want Something Done* will inspire the next generation of leaders.

[Unite the Tribes](#) Jun 01 2020 Every day, customers see the results of companies where fiefdoms have formed and silos create divisional or departmental strife: poor sales and profits, and lackluster products. It's not hard to see that such companies are headed for an early grave. Regardless of the manner in which company fractures manifest

themselves, tech leaders must find a way to rid their workplaces of the divisions that threaten to undermine their company's productivity, profits, and survival. That's why, in *Unite the Tribes: Leadership Skills for Technology Managers*, Christopher Duncan, bestselling author of *The Career Programmer*, provides corporate leaders with a ten-point plan for joining their company's divided ranks together in a way that helps employees achieve their goals while also accomplishing those of the company. Using the metaphors of the company as empire and the groups that form within companies as tribes, Duncan explains that the formation of tribes within an empire is unavoidable. After all, regardless of the situation in which they find themselves, human beings are social creatures who align themselves with those whose goals and motivations match their own. That's why the accountants hang together in the break room, while developers talk shop and geek culture in a watering hole down the street. Yet the job of leaders is to build a cohesive, powerful, and enduring empire by bringing all groups together in service to a shared, inspiring mission. And that goes double for tech companies, where breakthroughs create new landscapes on a daily basis. In *Unite the Tribes*, you will learn: How to build alliances and a spirit of unity across all levels of the company to achieve higher employee morale, greater profits, and increased productivity. How to come up with strategies that win market share as well as the hearts and minds of your employees. How to manage conflict. Why self-interest rules the day and how knowing another's wants and needs helps you achieve goals of your own. *Unite the Tribes* will show you, the visionary leader, how to establish an empire by convincing your tribes of a simple but crucial truth: Alone, you are weak and vulnerable. United, you are invincible. What you'll learn Readers of *Unite the Tribes* will learn: Practical, down-to-earth approaches to problem solving and productivity that make sense to corporate leaders who have to do real work in the real world. How to arrive at a plan for uniting the disparate groups that operate within their company when faced with the daily reality of office politics, maneuvering, ambition, incompetence, and short-term thinking. How to convey the company's purpose to employees in a way that is realistic and

meaningful so that all workers can contribute to the company's greater good. Who this book is for Those serving in leadership or managerial capacities (i.e., those overseeing one or more employees) at technology companies plagued with division and dysfunction will find the solutions they need to rally their employees to join forces in Unite the Tribes. In addition, leaders and managers of companies whose cohesion is still healthy yet is being threatened with fracture will be provided with real-world strategies for reinforcing the glue that holds their company together in this practical, applications-driven guide. The Chief Development Officer Oct 25 2019 Until recently, the chief development officer (CDO) has focused primarily, if not exclusively, on fundraising. In the past two decades, largely in response to greater demand and competition for fundraising revenue, the responsibilities and corresponding required competencies of CDOs have evolved. Today's CDOs play senior, strategic leadership roles in their organizations. The Chief Development Officer: Beyond Fundraising is a guide to those preparing for the role of CDO and to those charged with selecting, appointing, and supporting CDOs. It includes nine chapters, each presenting a role beyond frontline fundraising and fundraising program management in which today's successful CDO excels. There are many wonderful development leaders and many wonderful nonprofit organizations, but not always the best 'marriages' between leaders and organizations. The immediate goal of this book is better 'marriages,' supporting an ultimate goal of continued health and growth of nonprofit organizations and the essential contributions they make to a civil society.

Summary of Mike Bayer's One Decision Feb 21 2022 Please note: This is a companion version & not the original book. Sample Book Insights: #1 It's the thing we do when we try to get what we want. It's called a prospecting block. Anytime you have a goal, or when you're trying to get something done, you can expect to experience a block, or a period of resistance. We all have them. Many people have said that the most powerful word in sales is: Why. Why am I doing this. Why should I care. What's in it for me. Why should they care. Those are the questions that can often move mountains and make people do what you want. You may think you know the answers to them all, but I bet they aren't coming from your brain. They're coming from your heart and your gut and your gut is always right. Ask the why questions of your prospecting blocks, and the why questions will reveal themselves to you. -> You will inevitably hit a brick wall when trying to prospect. It is called a prospecting block, and it happens when you're trying to get something done. Ask yourself why you're doing this, and you will find your answer. #2 Prospecting blocks occur when you're trying to get something done, and you must ask yourself why you're doing this. #3 This book is about the shift in paradigm that I believe is necessary for us to make right now: I want you to stop thinking about making the best decision for your life and instead make the decision as your Best Self. This book is about empowering people to take control of their lives and make decisions that are authentic to them and in line with who they want to be. This book is about helping people identify what is authentic to them and helping them get into alignment with that authenticity. -> This book is about the paradigm shift that is necessary for us to make right now: I want you to stop thinking about making the best decision for your life and instead make the decision as your Best Self. #4 The Best Self and Anti-Self exercises help you discover your authentic self. They help you identify which parts of yourself are most representative of who you are, and which parts are not.

Overcome And Get It Done Jun 25 2022 Struggling with perfectionism and procrastination? Well, so have I, and I managed to write this book in just 24 hours. We all have big things we've been meaning to do, but so far haven't done. Like the book we've been meaning to write, or the filing cabinets we've been meaning to sort, or the website we've been meaning to design. Too many important tasks get put off for the wrong reasons. This book was also one of those tasks. I'd thought for a long time that one day I should write a book about productivity. But that was always as far as the idea went. But one day, a conversation with a friend sparked an idea. We would both dedicate 24 hours to finishing something we've been meaning to do but so far haven't done. And my task would be to write, and publish, a whole new book in 24 hours. This book is an exploration of the principles that were enabling me to get it all done in just 24 hours. These are principles that have helped me overcome perfectionism and procrastination and increased my productivity. They've helped me be focused, disciplined and healthy. If you're struggling with any of these things, then I sincerely hope this book can help you find the little spark you need to make a difference. Whenever you're struggling to get something done, remember, I wrote this book in just 24 hours using the principles in this very book. If I can do it, I'm sure you can too.

No Longer and Not Yet Nov 25 2019 Stories of small-town life on the Upper West Side of Manhattan. The stories in No Longer and Not Yet look at the ways our lives are lived in the split seconds between what is no longer but is still not yet. Most take place on Manhattan's iconic

Upper West Side, in the shops, hallways, and parks that reveal this well-known "big city" neighborhood for the tiny, even backwater village it more often resembles. An Upper West Sider herself, Joanna Clapps Herman draws her characters honestly yet tenderly, revealing them as much through how they move—the slope of a shoulder, a vocal inflection, the weight of a football—as by what they do, as though their bodies speak the truths they can't express. Here, Hannah Arendt's ghost haunts the building where she once lived, a hawk carries the apparition of a lost loved one, a homeless woman becomes Demeter. Small moments and intimacies of life weave together to form a bigger picture: the squeak of the hotel bed, a leaf on a saucer, the quality of light in the therapist's office, the doorman's familiar jokes, the open cupboards, the unspoken words. These stories show that, although we may think of ourselves in larger mythic narratives, our days are set in the terrain that is the opposite of the vast. Time and the city are the subjects of these beautifully connected stories: children are born and become themselves, marriages take shape, a handsome doorman opens the lobby door, snow falls on a man who lives in a box outside. Like Tolstoy, the writing is both exquisite and transparent, and everything is bathed in feeling and light and intelligence. Myra Goldberg, author of *Whistling and Other Stories* and *Rosalind: A Family Romance* No Longer and Not Yet is a moving and funny collection of stories. Translation always reveals the weaknesses in a text. Joanna's writing doesn't have those weaknesses. She is a very accomplished writer. Lazare Bitoun, translator of American writers into French, including Grace Paley and Janet Malcolm Joanna Clapps Herman is both Saint and Bard of the Upper West Side. She illuminates the human spirit pulsing through its vibrant buildings, portraying neighbors linked by history and geography, by shared love and loss. On Riverside Drive, the imposing ghost of Hannah Arendt, a former inhabitant, is as strong a presence as a small boy who covets a corner of the elevator after his sister is born. Herman discovers the human connections that warm the asphalt and brick of New York, delivering benediction along with a healthy dose of humor. Pam Katz, screenwriter of Hannah Arendt
