Wild Tales from the Wild Oct 10 2020 For the weary urban dweller, the verdant Mangala valley near the Bandipur National Park in Karnataka,; would seem like a haven of peace and tranquility. Appearances could not be more deceptive, as Saad Bin Jung discovered after forsaking his life in the city for a stone cottage in the valley. If the surrounding jungles were teeming with wildlife of every variety, the life that the human of the area led was no less wild. Here, he recounts the adventures that he had with some of them: the leopard who moved into 'bison cottage', the dining hall cobra, the magnificent Mangala tiger, Torn Ears, the most-photographed gaur of his time, and the elephants whom he loved with a passion, Colonel Hathi, Jayaprakash and even the Rightchipped Tusker with his bullying ways, amongst them. Not to be outdone were the members of the Kuruba tribe and other humans - Mr B, the family expert, the elderly manager with a raging libido, the gorgeous foreign girls who almost saw him booted out of the family - who came to share his life at Bush Betta, the wildlife resort that he set up in 1991. Hair-raising and hilarious, these are stories that anyone who has had a taste of the wild, or wished that they could, will enjoy, as much for their drama and comedy as for the many fascinating insights into animal behaviour that they provide. No less compelling is the message between the lines, the grandeur and beauty of India's forests, and the need to preserve them at all costs.

Sunset of Blacks Jun 17 2021 IT STAYS IN THE WORLD AND KEEPS CHASING US FOREVER Foreword by Dr. Okechukwu Ekemezie. Mr. Konrad finds an abandoned baby on his door step in Germany. Within minutes of his arrival, they share the enlivening touch. Konrad believes there is something that bonds him to Bako. For Konrad, Bako's origin was an invitation into a world of mysteries, highly classified information, and scientific tech. For Bako, a series of nightmares lead him to a whole new fatal world of reveals. Will he be able to overcome the most formidable hurdles? Will Konrad trace Bako's roots? Police Inspector Kariyappa and Forensics Scientist Buker joins to investigate the barbaric crime in the woods, will they catch the culprits? This is the story of a set of individuals who chose a different path to follow their purpose. The ones who broke the stereotypes, whom the society labelled as the odds. A pack of multi-potentials who cut their roots to change the destiny of their race. Will they make it? To find the sole purpose, to refine it like a piece of gold. You can live the life that gives meaning to your life. You could be the last piece of a puzzle. To break free of everything and run the world as the dominant, the chosen or the fellow radical man.

Alternative Voices Sep 20 2021 This edited volume presents Alternative Voices in the contexts of present-day and historical globalisation, the emergence of the knowledge society, increased global-local or glocal migration flows, the explosion of social media, and disparate regional growth that have both impacted and shaped the sociocultural fabric of geopolitical spaces across the world. The volume builds upon twenty-seven contributions that focus upon issues related to language, culture and identity from a multidisciplinary nexus of historical, philosophical and empirically-based traditions. Positioned in post-colonial emic heritage, the research presented here challenges the "monolingual (including monocultural) bias" and the "linguacentric bias" in the Language Sciences. This volume is an important contribution in terms of analyzing and demonstrating issues related to the complexity of culture and language, and their links with social, political, economic forces, particularly the tensions related to glocal identity positions that are evoked and played out in geopolitically heterogeneous spaces. Given its multidisciplinary nature, this volume presents individual comprehensive accounts of complexities that have been poorly understood and inadequately covered in the existing literature – both in Southern and Northern contexts.

Routledge Handbook of Indian Cinemas Feb 11 2021 India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey. Combining a historical and thematic approach, the Handbook discusses how Indian cinemas need to be understood in their historical unfolding as well as their complex relationships to social, economic, cultural, political, ideological, aesthetic, technical and institutional discourses. The thematic section provides an up-to-date critical narrative on diverse topics such as audience, censorship, film distribution, film industry, diaspora, sexuality, film music and nationalism. The Handbook provides a comprehensive and cutting edge survey of Indian cinemas, discussing Popular, Parallel/New Wave and Regional cinemas as well as the spectacular rise of Bollywood. It is an invaluable resource for students and academics of South Asian Studies, Film Studies and Cultural Studies.

Discovery of Prehistory Ancient India Dec 12 2020 Nationalist and Revolutionary While a high school student, I actively participated in the Mahatma Gandhis 1942 movement Quit India. I felt disappointed because only a few prominent leaders like Gandhi and Nehru were imprisoned. On Sept. 9, 1945, under the patronage of the Dadu District British Collector, the town dignitaries including my grand father and Mr. Tuljaram Nagrani, the principal of the town High school, along with the matriculate students had assembled at the Hindu temple to celebrate the victory of the Allies at the WW II. Sweets were distributed. I threw the sweets on the floor. The reason I did this was not because I sided with the Axis powers. But because Indian soldiers were fighting for Britain, as India was not a free country. Next morning, the Principal got me in his office and whipped me several times on my palms and ordered me to leave the school and come back with my parent. The principal told my father that Jagat to pay a fine of Rs. 5 and threatened that in case of denial I will be rusticketed (expelled from school as a bad character student) and no school would admit me. I am proud of my father that he said that only Jagat to decide. I said that paying fine means

admission of the guilt. In my opinion it was not a guilt. I, with recommendation of my class teacher Mr. Chandnani, got admission in the P. H. High School, Dadu, only about 50 miles away from my home town. In 1947 on the eve of partition, there was an accidentally bomb explosion in Karachi, suspected of an RSS activity. Several RSS leaders were arrested. A Khalsa police officer secretly alerted my grand father to hide me to avoid arrest. I, along with a few RSS pracharaks, secretly reached Karachi to take a ship for Okha, Gujarat, then train to Baroda. In 1948, Mahatma Gandhi was assassinated by Nathuram Godse. Because Godse was an RSS member, the whole RSS all over India was banned. I participated in the collective protest against the injustice of punishing the whole RSS organization because of the crime by its only one RSS member. Whole family can not be punished because of the crime of its one member. I was imprisoned in Baroda jail for four months. Thousands of RSS members all over India were imprisoned. Dr. Jagat K. Motwani

Among Tigers Aug 08 2020 Today ten times more tigers live in captivity than survive in the wild. For over five decades, K. Ullas Karanth has been engaged in the struggle to bring wild tigers back from the brink in India, their last remaining wild stronghold. He tells the story of the tiger itself—its incredible biology, its critical role in shaping natural ecosystems of Asia, and the unique place it holds in our collective imagination. *Among Tigers* is the story of how we wound up with fewer than 5,000 wild tigers, and how, with focused efforts we can grow that population ten times or more in a few decades. In doing so, we would bring not only the world's largest and most beloved feline back from the brink, but also save countless other species that share the tigers habitats from the freezing forests of Siberia to the tropics of India. Karanth shares the adventurous real-life story of his quest to save a species and, along the way, the hopeful realization that tiger conservation is a battle that can be won. Ultimately, the book is a roadmap showing us how to not only to save the greatest of great cats, but to bring it roaring back at numbers never before seen in our lifetimes.

Bipolar Identity Mar 27 2022 The first comprehensive inquiry into the origin and growth of regional language cinema in India, this book traces the development of Kannada cinema from the 1940s to the new millennium. Focusing on the role regional language cinema plays, the book examines the conflict between the 'region' and the 'nation' in the regional consciousness. Raghavendra traces the shape of Kannada cinema to its origins in a princely state under indirect British rule and inquires into the effect of the linguistic reorganization of the states in the 1950s upon the regional identity. Exploring the influence of national developments—from the ascendancy of Indira Gandhi in the 1960s to economic liberalization in the 1990s—on regional identity, the book provides first-time assessments of the Kannada star Rajkumar as a regional icon and the changing meaning of Bangalore city to the Kannada-speaking public.

Studies in Indian Coins Nov 03 2022 The present book is an authoritative and authentic source for the study of Indian coins. It not only describes the coins but also studies them critically in all their aspects. The points which are dealt with here are on numismatic studies in India; Satamana and Sana; Kautilya and Buddhaghosa on coins; silver coins of Vasisthiputra Satakarni; alleged coins of the Mahisa kings; coins of semi-independent rulers; date of Isvaradatta's coins; Petluripalem hoard; some problems of tribal coins; coins of Kumaragupta I, Harigupta and Ramagupta; coins of Muhammad bin Sam and Prthviraja; coins of Kakatiya Prataparudra I; Gajapati Pagoda, Ganga Fanam and Ramatanka; coins of Bhairavasimha; Maratha mint under the Peshwas; Cowrie-shell, rupee and pice. In describing the features of a particular class of coins from the standpoint of standard, style and fabric or in discussing the significance of the numismatic terms, the author has utilized the literary data which have a bearing on them.

Profiling Grammar Aug 27 2019 This book brings together twelve previously unpublished language profiles based on the original Language Assessment, Remediation and Screening Procedure (LARSP). The languages featured are: Afrikaans, Bulgarian, Cantonese, Finnish, Greek, Hindi, Hungarian, Japanese,

Kannada, Korean, Malay and Swedish. Each chapter includes a grammatical sketch of the language, details of typical language development in speakers of the language, as well as a description of and justification for the profile itself. The book will be an invaluable resource for speech-language pathologists and others wishing to analyse the grammatical abilities of individuals speaking one of these languages. This new collection complements a previous book in this series on the same theme: *Assessing Grammar: The Languages of LARSP* (Ball et al., 2012,).

The New Psychology of Language Jan 13 2021 From the point of view of psychology and cognitive science, much of modern linguistics is too formal and mathematical to be of much use. The New Psychology of Language volumes broke new ground by introducing functional and cognitive approaches to language structure in terms already familiar to psychologists, thus defining the next era in the scientific study of language. The Classic Edition volumes re-introduce some of the most important cognitive and functional linguists working in the field. They include a new introduction by Michael Tomasello in which he reviews what has changed since the volumes were first published and highlights the fundamental insights of the original authors. The New Psychology of Language volumes are a must-read for anyone interested in understanding how cognitive and functional linguistics has become the thriving perspective on the scientific study of language that it is today.
