Analysis and Critique Sep 01 2022 All writing--whether it's an essay, a personal letter, or a detailed business report--is at its most memorable when it's built on the fundamental and critical skills that transform your words from good to great. The first lectures provide the first key to more engaging and effective writing: understanding literary genres and the ways their unique styles can shape and inform your own voice. The focus then shifts to the art of rhetoric and the ways it can help you adapt your writing to a variety of situations. The final part is a step-by-step guide through the writing process in its four major stages: researching, first draft, editing and rewriting.

Great Minds of the Western Intellectual Tradition Oct 10 2020 Part 1 includes an introduction to the entire series and to the enduring problems of philosophy. The critical tensions in Western thought are identified and the context is set for the great conversation that follows. This first part of the series is foundational, designed to teach basic facts about the philosophers and traditions covered. Classical Origins examines the origins of philosophy in the Greco-Roman world.

In this brilliantly designed course, you'll get "under the hood" of the language, using an approach your teacher has refined for over 20 years to empower adult learners.

Good Walks May 29 2022 This book celebrates the beauty, tradition, and variety of golf across the Carolinas, featuring eighteen beloved courses as experienced by the walking golfer. One of golf's earliest appeals was its health-giving benefits, with players walking some four miles over varied terrain, making stamina and endurance an important part of the sport. Most recreational players today choose motorized carts. But Lee Pace believes that the slower pace and on-the-ground view associated with walking gives one an opportunity to savor the experience, understand the nuances of course design and landscape architecture, and appreciate the small touches that make our region's best clubs and courses special. The Carolinas are a cradle for the game in the United States, making walking its courses an ideal way to connect past and present. Attractively illustrated with full-color photography, each essay tells the story of a course and how it is experienced on foot. Guiding readers around fabled courses like Pinehurst No. 2 and new classics like Kiawah Island's Ocean Course, private clubs and municipal courses, resort destinations and urban gems, Pace reflects on legendary course architects, famous tournaments, notable players, ties between the game's founders and the Carolinas, and more. Whether you're a committed traditionalist or new to the game, this book will inspire you to slow down and enjoy the best of what golf has to offer.

Building Great Sentences : Exploring the Writer's Craft, Course Guidebook Aug 08 2020

How to Look at and Understand Great Art Oct 02 2022 Sharon Latchaw Hirsh, the president of Rosemont College, is an internationally recognized scholar of Western European art. This course introduces the most essential features of every work of art, including color, line, perspective, composition, and shape as well as point of view, time and motion, and light and texture examining different art media including drawings, prints, paintings and sculptures.

North Carolina Notary Public Manual, 2016 Oct 22 2021 The office of notary public has a long and proud history in our society. Their work is rarely glamorous, but it is so important that the highest courts in the nation routinely accept properly notarized documents as evidence in legal matters. In fact, the law governing notaries gives them the same mission as sworn law enforcement officers, "to serve and protect."

Law School for Everyone Sep 08 2020 Of all the doctrines in tort law, factual causation appears to be the most scientific and value-neutral. The truth, however, may surprise you. Learn why determinations about causation aren't simple, but do matter - a lot. Also, consider whether the causation question is more philosophical than scientific.

Death of an Expert Witness Jul 31 2022 In yet another page-turning installment in the bestselling

Adam Dalgliesh mystery series from P.D. James, "the reigning mistress of murder" (Time), the Inspector must investigate the murder of a twisted forensic scientist and explore the dark secrets within his laboratory. When a brilliant forensic scientist is found murdered in his own laboratory, Scotland Yard is called to the scene. The victim, a well-respected, authoritative member of the scientific community, was unpleasant to and greatly disliked by those who worked closest to him, leaving detectives with a wealth of suspects and murderous motives. P.D. James' beloved detective Adam Dalgliesh is the one man who can sort through the lies, chasing down the truth to the book's powerful climax. P.D. James deftly weaves another tale of intrigue in *Death of an Expert Witness*. Engaging and thrilling, she takes readers along with her troubled detective on a case rife with psychological thrills.

The Rotarian Aug 27 2019 Established in 1911, The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about, or of interest to, Rotarians. The New York Golf Guide May 17 2021 A part of MT III Golf Media's Black Book series of national and regional course guidebooks, this updated edition of The New York Golf Guide is the definitive guidebook for the New York Metropolitan area, profiling every golf course in 17 counties - a total of over 450 facilities in and around the Big Apple. Continuing the series' tradition of providing accurate and candid assessments of each layout, its detailed course profiles are based on a consensus of rankings and opinions, and include a unique five-star Collectability Rating - a course rating method entirely exclusive to the Black Book. Each profile also offers a full range of ancillary information, from a layout's architectural genesis and contact information to its rating, slope, practice facilities and position in current national/state rankings. No other guidebook covers the region so candidly or comprehensively, or with so detailed an eye towards a course's history and design evolution. Thus also something of a reference volume for historians and architectural aficionados, The New York Golf Guide is an indispensable source of information for both visitors and local residents alike.

The Early Middle Ages Apr 27 2022 Focusing on the seven centuries from 300 to 1000, this course examines the period of European history known as the "Dark Ages." The period is dominated by two empires, the Roman Empire and the Carolingian Empire.

Veterinary School for Everyone Jan 13 2021

The American Private Golf Club Guide Sep 20 2021 A part of MT III Golf Media's Black Book series of national and regional course guidebooks, this updated fourth edition of The American Private Golf Club Guide is the only guidebook dedicated solely to the nation's private clubs. This volume profiles 1,000 clubs in 49 states which, given the number of multi-course facilities covered, adds up to nearly

1,100 featured courses - with thumbnail profiles included for nearly 500 more. Continuing the series' tradition of providing accurate, detailed and candid assessments of each layout, its profiles range from 150-600 words and include a unique five-star Collectability Rating - a course rating method entirely exclusive to the Black Book. Each profile also offers a full range of ancillary information, from a layout's architectural genesis and contact information to its rating, slope, practice facilities and position in current national/state rankings. Also something of a reference volume for historians and architectural aficionados, The American Private Golf Club Guide is the centerpiece of MT III Golf Media's series of national and regional course guidebooks, and is an indispensable source of information to golfers nationwide.

Customer Surveying Mar 27 2022 Provides the information needed to manage and conduct a customer survey program. The book walks the reader through the various stages of a survey with particular emphasis on the design of a survey questionnaire, the administration of that questionnaire, and the analysis of data using spread sheet tools. Questions a novice surveyor might have are answered. The book also dedicates a chapter to electronic surveying tools.

The American Private Golf Club Guide Apr 03 2020 Over the decades, the game of golf has witnessed all manner of books profiling the "Great Courses You Can Play," with countless state, regional and national titles highlighting America's best public and resort facilities. The American Private Golf Club Guide, however, is entirely different, for it is a guidebook dedicated to the nation's private clubs - 1,000 of them in particular which, given the number of multi-course facilities covered, adds up to more than 1,165 profiled courses. Its purpose is to provide accurate, detailed and candid assessments of the country's best and most important private golf facilities, in order to aid the traveling golfer in determining where he or she might wish to play. Club profiles range from 150-400 words and also include complete contact information, a course's current national/state ranking(s) and a unique five-star Collectability Rating - a new course rating method entirely exclusive to the Guide. Also something of a reference volume for historians and architectural aficionados, The American Private Golf Club Guide is the first of MT III Golf Media's series of national and regional course guidebooks, and is an indispensable source of information to golfers nationwide.

Cosmology Nov 03 2022 In his 36 lectures, professor Mark Whittle talks on knowledge of astronomy and our universe.

Basics of Biblical Greek Workbook Jul 19 2021 The best-selling and most widely accepted New Testament Greek textbook has just gotten better. The author has made the book more user-friendly and offers options to professors, particularly enabling them to introduce Greek verbs earlier as well as offering some made-up sentences to challenge the students.

The Informed Gardener Jun 17 2021 Winner of the Best Book Award in the 2009 Garden Writers Association Media Awards Named an "Outstanding Title" in University Press Books for Public and Secondary School Libraries, 2009 In this introduction to sustainable landscaping practices, Linda Chalker-Scott addresses the most common myths and misconceptions that plague home gardeners and horticultural professionals. Chalker-Scott offers invaluable advice to gardeners who have wondered: Are native plants the best choice for sustainable landscaping? Should you avoid disturbing the root ball when planting? Are organic products better or safer than synthetic ones? What is the best way to control weeds-fabric or mulch? Does giving vitamins to plants stimulate growth? Are compost teas effective in controlling diseases? When is the best time to water in hot weather? If you pay more, do you get a higher-quality plant? How can you differentiate good advice from bad advice? The answers may surprise you. In her more than twenty years as a university researcher and educator in the field of plant physiology, Linda Chalker-Scott has discovered a number of so-called truths that originated in traditional agriculture and that have been applied to urban horticulture, in many cases damaging both plant and environmental health. The Informed Gardener is based on basic and applied research from university faculty and landscape professionals, originally published in peer-reviewed journals. After reading this book, you will: Understand your landscape or garden plants as components of a living system Save time (by not overdoing soil preparation, weeding, pruning, staking, or replacing plants that have died before

their time) Save money (by avoiding worthless or harmful garden products, and producing healthier, longer-lived plants) Reduce use of fertilizers and pesticides Assess marketing claims objectively This book will be of interest to landscape architects, nursery and landscape professionals, urban foresters, arborists, certified professional horticulturists, and home gardeners. For more information go to: <http://www.theinformedgardener.com>

The Bowery Boys Apr 15 2021 Uncover fascinating, little-known histories of the five boroughs in The Bowery Boys' official companion to their popular, award-winning podcast. It was 2007. Sitting at a kitchen table and speaking into an old karaoke microphone, Greg Young and Tom Meyers recorded their first podcast. They weren't history professors or voice actors. They were just two guys living in the Bowery and possessing an unquenchable thirst for the fascinating stories from New York City's past. Nearly 200 episodes later, The Bowery Boys podcast is a phenomenon, thrilling audiences each month with one amazing story after the next. Now, in their first-ever book, the duo gives you an exclusive personal tour through New York's old cobblestone streets and gas-lit back alleyways. In their uniquely approachable style, the authors bring to life everything from makeshift forts of the early Dutch years to the opulent mansions of The Gilded Age. They weave tales that will reshape your view of famous sites like Times Square, Grand Central Terminal, and the High Line. Then they go even further to reveal notorious dens of vice, scandalous Jazz Age crime scenes, and park statues with strange pasts. Praise for The Bowery Boys "Among the best city-centric series." —New York Times "Meyers and Young have become unofficial ambassadors of New York history." —NPR "Breezy and informative, crowded with the finest grifters, knickerbockers, spiritualists, and city builders to stalk these streets since back when New Amsterdam was just some farms." —Village Voice "Young and Meyers have an all-consuming curiosity to work out what happened in their city in years past, including the Newsboys Strike of 1899, the history of the Staten Island Ferry, and the real-life sites on which Martin Scorsese's Vinyl is based." —The Guardian

Mac Life May 05 2020 MacLife is the ultimate magazine about all things Apple. It's authoritative, ahead of the curve and endlessly entertaining. MacLife provides unique content that helps readers use their Macs, iPhones, iPods, and their related hardware and software in every facet of their personal and professional lives.
